FOR IMMEDIATE RELEASE

Full Closures – Northbound/Southbound I-15 Connectors to Westbound 91, Weekend of Aug. 21

The Riverside County Transportation Commission will require full closures of the northbound and southbound Interstate 15 connectors to westbound 91 the weekend of August 21 for the 91 Project in Corona.

The northbound I-15 to westbound 91 connector will close from 10 pm on Friday, August 21 through 4 am on Monday, August 24. Motorists may travel east on the 91, use the McKinley Street off-ramp, and then enter the westbound 91. (Please see detour map on next page). The southbound 15 to westbound 91 connector will close from 10 pm to 6:30 am on August 21, from 11 pm to 8 am on August 22, and from 10 pm to 4 am on August 23. Motorists may use the same detour to McKinley Street.

The closures will allow crews to tie in the northbound I-15 to westbound 91 connector to a new bridge to open on August 24, 2015.

Motorists are reminded to allow extra travel time, follow the designated detour, watch for signs and, if possible, avoid travel during peak hours.

The 91 Project is adding regular lanes, tolled express lanes, auxiliary lanes and direct express connectors from the northbound 15 to the westbound 91 and from the eastbound 91 to the southbound 15. Improvements to interchanges, ramps, lanes and surface streets also will be made along the 91 between the Riverside County/Orange County Line in Corona and Pierce Street in Riverside. The new lanes are expected to open in 2017.

For more information, visit sr91project.info or call the helpline at 877-770-9191.
