FOR IMMEDIATE RELEASE

Westbound 91 Main Street On-Ramp 55-Hour Weekend Closure

As part of the Riverside County Transportation Commission's 91 Project, a 55-hour weekend closure of the westbound 91 Main Street on-ramp in Corona will be required. The closure will begin on Friday, April 29 at 9 pm to Monday, May 2 at 4 am. The closure will allow crews to widen the on-ramp. Motorists can enter westbound 91 at Lincoln Avenue, Maple Street and Serfas Club Drive during the weekend ramp closure.

During this closure and throughout construction, motorists are reminded to follow allow extra travel time, follow detour signs, adjust travel plans to off-peak hours, if possible, or use public transit, when feasible. Remember to patronize local businesses and use the “Shop 91. Shop Local.” section of the website for coupon deals.

This construction activity is subject to change based on weather, field conditions or other operational factors.

The 91 Project is adding regular lanes, tolled express lanes, auxiliary lanes and direct express connectors from the northbound 15 to the westbound 91 and from the eastbound 91 to the southbound 15. Improvements to interchanges, ramps, lanes and surface streets also will be made along the 91 between the Riverside County/Orange County Line in Corona and Pierce Street in Riverside. The new lanes are expected to open in 2017.

For more information, visit sr91project.info, call the helpline at 877-770-9191, or email sr91project@rctc.org.
