### **FOR IMMEDIATE RELEASE**

#### **Weekend Closures of Main Street in Corona, Restricted Access to/from 91 Main Street Ramps Planned Late August through September**

As part of the 91 Project in Corona, weekend full closures and restricted access of the Main Street roadway and ramps will begin in late August to allow crews to safely lower and widen the roadway beneath the 91.

The Riverside County Transportation Commission, which is the lead agency for the project, noted that three types of closures will be implemented:

1. On the weekends of August 28, September 11 and September 18, Main Street will be closed between Grand Boulevard and Third Street. All 91 ramps will be closed at Main Street. Closures will start each Friday at 9 pm and end each Monday at 4 am.
2. On weeknights from 9 pm to 4 am between August 31 and late September, Main Street will be closed between Grand Boulevard and Third Street. All 91 ramps will be closed at Main Street.
3. On weekdays from 4 am to 9 pm between August 31 and late September, there will be restricted access to and from the westbound 91 on-ramp and eastbound 91 off-ramp at Main Street.

In addition, Main Street will be reduced to one lane in each direction on Friday, August 28 from 9 am to 9 pm to allow crews to set up for the full closures.

Motorists should follow all posted detours. The Grand Boulevard westbound on-ramp and eastbound off-ramp will remain open throughout these closures. Please see maps on page 3.

- MORE -

Please allow extra travel time, watch for signs and rideshare whenever possible. Metrolink train riders should allow additional time to and from the North Main Corona Station. Please remember to patronize local businesses and use the “Shop 91. Shop Local.” section of the website for coupon deals.

For questions or more information, please use the “Contact Us/Feedback” page of the [website](#) or call the helpline, 877-770-9191. In addition, frequent project updates are posted on [Facebook](#) and [Twitter](#).

The 91 Project is adding regular lanes, tolled express lanes, auxiliary lanes and direct express lane connectors from the northbound 15 to the westbound 91 and from the eastbound 91 to the southbound 15. Improvements to interchanges, ramps, lanes and surface streets also will be made along the 91 between the Riverside County/Orange County Line in Corona and Pierce Street in Riverside. The new lanes are expected to open in 2017.
